

## **US 14/WIS 11 corridor study**

Between US 51 and I-43

Rock and Walworth counties

Project ID 1706-05-00

# **Technical Committee Welcome!**

Thank you for serving on the Technical Committee for the US 14/WIS 11 corridor study. The Study Team, composed of WisDOT staff and their consultants, know that your time is valuable so we truly appreciate your involvement with this study.

The Technical Committee is composed of local, state and federal agency staff.

As members of the Technical Committee, your roles and responsibilities are as follows:

1. Help develop and refine the Purpose and Need statement.
2. Review data from the Study Team. Take data back to your respective organizations and agencies to get feedback from them and request/suggest changes.
3. Help improve communications between the Study Team and the organizations represented on the Technical Committee.
4. Provide advice about how to communicate the technical information to the public and the Advisory Committee/elected officials along the corridor.
5. Develop and refine alternative solutions with the Study Team.
6. Help review environmental analysis and documentation that is created as a result of this study.
7. Interact and communicate with the Advisory Committee throughout the study.

**We look forward to working with you on this project and  
appreciate your input and assistance.**
